

## **MIAMI-DADE WATER AND SEWER DEPARTEMENT - CONSTRUCTION MANAGEMENT FOR INFILTRATION/EXFILTRATION/INFLOW SEWER SYSTEM REHABILITATION PROGRAM**

---

**Client Name:** *Miami-Dade Water and Sewer Department/ Earth Tech (Prime)*

**Type of Service:** *Civil Engineering Services*

---

Milian, Swain & Associates, Inc. (MSA) participated in the Miami-Dade Water and Sewer Department (MDWASD) Infiltration/Exfiltration/Inflow (I/E/I) Improvement Program as a subconsultant to Earth Tech, Inc. (formerly known as Rust Environmental and Infrastructure).

Some of the tasks performed included the following:

- Supervision and evaluation of field data to determine repair/replacements requirements
- Contract administration - contract interpretation, payment and change order processing, close-out observation and finalization administration
- Inspection/construction supervision - individual inspection and supervising on-site supervision and observation of force main construction and gravity line replacements
- Development and preparation of project budgets, and monitoring financial results.
