

**SOUTHCAM HEADQUARTERS DUE DILIGENCE – NW 33rd ST. & NW 94th AVE.,
CITY OF DORAL, MIAMI-DADE COUNTY, FLORIDA**

Client Name: *Jones Lang LaSalle Americas, Inc.*

Type of Service: *Professional Civil Engineering services for a 40 acre parcel (Due Diligence Report)*

Jones Lang LaSalle Americas, Inc. required professional civil engineering services for the preparation of a Due Diligence Report for a 40 acre parcel located at the SOUTHCOM Headquarters in NW 33rd Street and NW 94th Avenue, City of Doral, Fl.

Milian, Swain and Associates, Inc. (MSA) provided assistance to the Client by researching, obtaining and compiling project data/information, attending local meetings/conferences with County, municipalities and applicable regulatory agencies required to complete applicable report tasks related to civil infrastructure project elements such as:

- Water Distribution/Transmission System
- Sanitary Sewer Collection/Transmission and Pumping System
- Roadway, Drainage and Stormwater Management Systems

MSA submitted to Jones Lang LaSalle Americas, Inc. a comprehensive written summary of the research, data collection and preliminary engineering information gathered/analyzed by MSA for the applicable tasks for this project, for subsequent inclusion by the Client into the final Due Diligence Report.
